

The Rhode Island State Firefighters League Foundation Charitable Trust is now also offering mini grants to league member departments. The mini grants will be made for one night training sessions at the host department that would be open to all of their neighboring departments. The mini grants would be limited to \$150.00 and would be used to pay for the expense of an outside instructor as well as class handouts and light refreshments. There is no cost sharing requirement. The restrictions and conditions include the following:

1. The words "Sponsored by the RI State Firemen's League Foundation Charitable Trust" must be on all flyers and handouts. Copies must be submitted with your request.
2. The instructor can't be from the host department or any of the neighboring mutual aid departments that will be attending.
3. All neighboring departments must be invited.
4. The request for reimbursement must be on department letterhead and include a sign-in roster of the students attending.
5. Mini grants are limited to one grant per department per year.
6. Submit grants to address on application.
7. There is no time restriction on the application. They will be accepted all year.
